BOSSES

There are four boss in the game the first boss is Hank, Hank uses dash and smoke shot to defeat you. You defeat Hank by hitting him with a chain also by using smoke dash then he escape out the door but the D.U.P will catch Hank trap him.

The second boss in the game is Fetch she is a sniper she lets out a beam with her hands it is so cool the she could draw with that beam she helps Delsin Rowe defeat the D.U.P.

The third boss is Eugene,
Eugene uses a giant wingman
called a "He who dwells" he uses
strong beam like Fetch too,
Eugene adds some wingmen
after you defeat him halfway his
beam also gets strong after
getting the small wingman first
starts out easy then hard, at last
he turns into a kid who is so
weak it let is you have his power.

LEVELS

The first is to choose if you want bad karma or good karma then whenever you use the mega swipe out you get 1% of what karma you have for example the first bad karma is "THUG" then if you choose good karma you get "PROTECTOR" the easier one I think is the "THUG" because in good karma you if you kill anybody your mega swipe out will go away

The second bad karma is "CRIMINAL" and the good karma is it is the part after defeating the DUP ambush that is huge and throws huge boulder and we have a shield made out of concrete so it helps us stay alive until you defeat it.

The third bad karma is "BIO-TERRORIST" and the good karma is "GUARDIAN" it is mostly when you get video power when you actually defeat Eugene the huge wingman that shoots out electric beam.

The fourth bad karma is "MOST WANTED" and the good karma is "PARAGON" it comes when it is fast traveling. That makes you travel through air. But you should make the place 30% D.U.P or less so you can get fast traveling.

The fifth bad karma is "INFAMOUS" and the good karma is "HERO" it comes after a lot of swipe out it just changes your screen will change to normal to bright

HEAVY CYLINDERS

The first heavy cylinders is the smoke cylinder it has a huge ball that is made out of smoke and an smoke cylinder can 4 D.U.P. The most powerful thing in the powers are the
